

# Ohio Memory Advanced Search Guide

Select how you would like your terms to be searched.

- All returns results where every term appears in item or record
- Any returns results where one or more of your terms are present
- Exact returns results with terms in the precise order you've typed them
- None (combined with another term) excludes records where your term appears
- Within 5 returns results with terms in proximity to each other, but in any order

Combine search terms in a single field or across all fields.

- Use 'and' to look for results where all search terms are present.
- Use 'or' to look for results where one or more search term is present.

Limit search results to a particular range of dates using the format indicated. Leave blank to search all date ranges.

Use check boxes to specify collections you'd like to search. Leave blank to search all collections.

Look only for results matching one or more format type. Leave blank to search all formats.

The screenshot shows the Ohio Memory Advanced Search interface. At the top, there is a search bar with a dropdown menu for search criteria. The dropdown is open, showing options: 'All of the words', 'Any of the words', 'The exact phrase' (highlighted), 'None of the words', and 'Within 5 words'. Below the search bar, there are three search terms: 'suffrage parade', 'cleveland', and an empty field. Each term has a dropdown for the search field (All fields, Place, All fields) and a dropdown for the search operator (and, or). A 'Submit' button is at the bottom. Below the search bar, there are sections for 'Restrict Search to: Select Formats', 'Dates between' (with input fields and a dropdown), and 'Select Collections' (with a dropdown). A 'Submit' button is also at the bottom of the form.
